Enclosed is a true copy of the complete prior application as filed, including the specification (with claims), drawings, declaration and power of attorney showing the signature, IDS and the amendments filed to complete the prior application.

The inventor named in the divisional application is the same as the prior application. Please amend the specification by inserting before the first line the sentence: "This application is a division of application 10/082,852, filed 2-25-02, pending." Please cancel in this application original claims 54-56 of the prior application before calculating the filing fee.

Enclosed is a check in the amount of \$1450.00 as payment for the Application Filing Fee (53 total claims with 4 independent claims). Basic filing fee = \$770.00 + 1 independent claim in excess of 3 = \$86.00 + 33 claims in excess of 20 = \$594.00

The Commissioner is hereby authorized to charge any fee deficiency or credit any fee overpayment relating to the filing of the above-referenced Patent Application and all documents relating thereto to: Deposit Account No. 18-1680.

A preliminary amendment is enclosed.
